

## Statement of Accreditation

Specialized accreditation of professional and occupational schools and programs is granted by accrediting agencies established by national professional organizations. In this case the professional organization is the “**American Association of Nurse Anesthetists**”.

Each group has its own distinctive definitions of eligibility, criteria for accreditation and operative procedures, but all have undertaken accreditation activities primarily to provide quality assurance concerning the educational preparation of members of the profession or occupation.

Wolford College underwent a self-study and on-site review by the Council on Accreditation of Nurse Anesthesia Educational Programs (COA) in April 2004. Wolford College then underwent a secondary onsite review in October of 2007. The COA completed the final review on 5/2008 and awarded the College with a 10 year accreditation.

The purpose of the reviews was to determine its compliance with the Standards promulgated by the COA. All standards were met and the College was granted the maximum years of accreditation. Wolford College is accredited for ten years **(05/2018)** by the Council on Accreditation of Nurse Anesthesia Educational Programs. For further information contact:
